1. Management philosophy

We will help establish a resource recyclin society through trust and quality.

2. Management visions

(1) We aim to become one of the leading companies in the recycling field and high-pressure container business by growing together with society and customers and enhancing the competitiveness of our products to satisfy them.

(2) We aim to establish a workplace where every employee can engage in friendly competition and achieve self-fulfillment.

3.Action guidelines

For ensuring that our actions are based on morals and ethics—

- (1) "3 actual goods comes first"
- (2) Law-abiding spirit/Environmental conservation Safety first
- (3) Customer satisfaction/Quality improvement
- (4) Inventiveness/Mutual trust
- (5) Self-fulfillment
